I feel, sir, yes, indeed I feel,  
From tender toe to callous heel,  
Nor tells the present scene the whole  
Sad story of my sorrowed life,  
My past has been a scene of grief,  
From which I scarcely hoped relief,  
I'll now in darkest dire need,  
The "Outlook" brings up hope indeed,  
And others, please, come in —  
That there's a future perfect tense,  
The tortures that my foes have dealt,  
Are ended here, I WILL HAVE

PRINCE ALBERT, MARCH 5, 1895.

The air is full of opinions regarding a general election; but there is nothing definitely made known yet as to whether there is to be session of Parliament or an election; only one thing seems to be certain that the utmost expedition is being made in getting out the new lists of voters. Taking all things into consideration it would seem that there will be no session held before the election. However this is hard to say. If we are to believe the Toronto Globe and other papers of that ilk, the Liberals are ready for the fray and confident of success. Well we do not know, but we have an idle that we have heard this kind of boasting repeatedly, on former occasions which failed to realize through some untoward accidents, chiefly, we presume, from there being too many Conservative voters who seem to be on hand where they are not wanted. By the by we fail to see what the Liberal platform consists of as it has not yet come to light. We hardly complain to one of Laurier's followers concerning that gentleman's forgetfulness in not telling us how he was to raise revenue if the National policy was discarded. We received in reply that there are some things in the working of a Government which are not peculiar in a statesman to disclose, and this is one of them. By this answer we are led to infer that Mr. Laurier will raise a revenue in such a quiet manner that the people of Canada will have a plethora of revenue, totally unconscious of the ways and means of raising it. We would like to know his mode of operation, as it might help us to put something in our own empty purse.

We have received the third annual report of the Dairy Commissioners for the Dominion of Canada for the year ending June 30th, 1894, and we must say that it is brimful of interest to every class of people in our vast Dominion. As yet the industries of cheese and butter making are in their infancy, especially in so far as Manitoba and the North West Territories are concerned, but we trust that the time is not far distant when these industries will become very important factors in the products of this large country. True, for the proper development of these as well as all other products of the farm we must have proper railway facilities before much can be done, and we hope that these facilities will come very soon. The Hudson's Bay Railway is an absolute necessity for this great country; and before we can attempt to develop any industry with success we must have direct communication with Great Britain by the way of Hudson's Bay. This is the only means by which we can hope to compete with other parts of the Dominion in agricultural products. To export our produce with success by the railway facilities we now have, is an utter impossibility if it cannot be done. We have no hesitation in saying that we have the finest country in the world for either agricultural or dairying products which with proper facilities for exportation would become a great emporium of food supplies, but wanting that will remain as it is, principally valuable to the outside world. The speedy completion of the Hudson's Bay Railway should be the main plank in the platform of the members we pitch up to represent us in the Federal Parliament, because an easy outlet for the food products of this Northwest is its only salvation from a state of bankruptcy.

France has got into one of her periodical fits of spleen against England and is using every endeavor to pitch that power out of Egypt at all hazards. We venture to say that this is sooner said than done. Experience does not seem to teach the French a great deal; they have had many hard knocks from England, both in early and later days which ought to have taught them that the British Lion is an ugly customer to handle, and in so far as they have hitherto tried that game they have invariably come out second best, with

no great amount of credit to themselves. It would be well for France, as well as others who are so jealous of Britain's power, to reconcile themselves to the fact that England is now in Egyptian means to stay there; and all the frantic efforts of her enemies will never be able to dislodge her out of it. France is on the wane, her population is decreasing year by year, she is totally unsuccessful at colonization, her foreign possessions in the event of war with England will be lost, and all the foreign possessions in the event of war with England will be lost.

A Sheep and Swine Breeders' Association of Manitoba and the North West Territories was duly organized in Winnipeg, on Friday, 31st, 1893, when the constitution and by-laws prepared by the Provisional Directors was adopted, and the following officers elected for the ensuing year: President, James Elder, Virden; 1st Vice-President, William Kison, Burnside; 2nd Vice-President, J. A. S. MacMillan, Bonanza; Secretary-Treasurer, George H. Gregor, Winnipeg. Four Directors representing sheep, Donald Fraser, Emerson; Alexander, Shad Lake; James Boy, Long Lake; John Oughton, Crystal City.

Four Directors representing swine, A. P. Potter, Montgomery, Assin; R. L. Lester, Oak Lake; Jacob Scott, Jr., Stonewall; R. Mitchell, Winnipeg.

Representative to the Winnipeg Industrial, A. G. Adams, Ponca.

Representative to the Territorial Exhibition (Regina), A. B. Potter, Montgomery, Assin.

The objects of the Association are to further the interests of the breeders of sheep and swine in every legitimate way, see that these interests receive due recognition by the management of central annual exhibitions, to distribute reliable information as to the breeding, care and feeding of sheep and swine and to bring more prominently before the farmers the necessity of using pure breeds, if a profitable export market is to be found or our surplus production of pork and mutton.

At the Stock Breeders' Convention held a day and a half ago under the joint auspices of the Pure Breed cattle, and the Sheep and Swine Breeders' Associations, many able speakers were ready to comment on the full report of which it is intended to publish in prompt form, which will include a list of all past members or both associations with the addresses, and varieties of live stock bred by them.

Any persons may become members of either Association, on the payment of a annual fee, \$1.00 and all members will be furnished with reports, etc., printed by the association.

George H. G. Eg, Secreary, Box 214, Winnipeg, Man.

"Why Says Gladys" is the odd title of a novella by the distinguished English author, David Christie Murray, that he is collecting a series of attractive literary productions in the March number of "Tales from Town Topics". It is a brilliant yet written of love and matrimonial infidelity, presented in dialogue form, and the author treats his theme with such gaiety and eloquence that one cannot fail to be interested and amused. Gladys is a lovely American girl who marries a reformed English rake, and, as it turns out, the rake proves to be the steadfast and true element of the partnership, whereas Gladys, in a absurd spell of emotionalism, brings disaster into her home. Mr. Murray is at his best in recounting the misadventures of this strangely assorted pair, and produces a very good philosophical argument on the matrimonial question as well as a captivating piece of romantic literature.

The volume containing the novella is crowded as usual with the bright array of stories, sketches, poems and colleagues called from the back pages of "Town Topics". Town Topics Publishing Co., 205 Fifth Avenue, New York City.

## TOWN AND DISTRICT

Mr. J. M. Combs and daughter paid a call at Doct. Hill last week.

Services were held in St. Alban's church, on Wednesday.

On Wednesday, after a rain storm, a team of horses was lost.

J. R. McPhail left for Ottawa, Monday morning last.

Regular monthly meeting of Central School Board Thursday evening next.

W. J. Kernaghan returned home from a trip west by last Tuesday's train.

Chief Factor McDougall, of the H. B. C. offices, left on Thursday last for Wm. Potts.

A spring match has been arranged to be held at the Salvation Army barracks, Wednesday evening.

A memorial service to the late Mrs. O'Brien was held in the Salvation Army barracks, Sunday evening next.

Com. Shannon, who had been down to Qu'Appelle on a business trip, returned Saturday evening.

Information to the effect that lumber camp workers had been up for a time at least, and a number of the men arrested, was received.

Information has just come to hand concerning the Qu'Appelle lumber camp, giving the appearance of a strike.

W. C. M. Kay returned from Battleford Wednesday last and the following day left Mr. Boston for the north.

Mr. Gilmour has received another large payment of shares, which are now owing to him and go to him.

The Ven. Archdeacon Mackay went to the Qu'Appelle Saturday.

On his return he goes to Battleford where he will remain as principal chaplain of the Industrial School he has been fitted.

Wood hauling is being prosecuted vigorously at present, the recent mild spell of weather having led the teamsters to a move on in fear of the near departure of spring.

A pleasant evening was spent at the residence of Miss Cameron on Thursday last, when a band was held for the benefit of St. Paul's church. Recitations, dialogues, instrumental and vocal numbers, were enjoyed by all present.

J. J. Nolan, advocate, of Calgary, is staying at the Qu'Appelle. Mr. Nolan is here on a professional visit, connected with the case to be tried in a few days, the same having been postponed pending the arrival of an important witness.

On Friday evening next the rector of St. Paul's Church will deliver a lecture in the church, taking for his subject a talk about Australia. Proceeds in aid of bell fund, \$1000.00.

Mr. S. Leach, of the Island Lake district, gave a pleasant call a couple of weeks ago, renewing his subscription to our paper before leaving. We were pleased to see him, and will cheerfully call any others who may call and see who else should call.

The greatest papers in Great Britain and the United States freely acknowledge the world-wide merit of the *Family Herald and Weekly Star*, Montreal. The *Family Herald* is a great newspaper, and a great family paper, but it is more than that; it is one of the greatest authorities in the world on cheese, general dairying, and general farming. How a progressive, up-to-date farmer can do without the *Family Herald and Weekly Star* of Montreal is hard, indeed, to understand.

Better in Six Hours.—Distressing kidney and bladder disease relieved in six hours by the "GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving two in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief we care this is your remedy. Sold by J. G. White & Co.

The Manitoba Free Press in speaking of the Uxbridge Piano say: They are great works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright piano is thrown into the shade. The Uxbridge Piano has a continuous book which will be appreciated in the playing of duets; sitting down to the piano the performer touches a lever and the keyboard is uncovered, and the hinged lid turns out of sight, and the instrument presents the same artistic appearance when open as when shut. The Organs manufactured by the Uxbridge company have been in use for over twenty years, and require no special description as they are so well-known and liked in the homes of the thousands over the whole world. However, the company is manufacturing a new Oct. Organ in Piano case which is having a wonderful sale. The Pianos made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal to, if not superior, to the best American.

Dick's Liniment cures All Lameness and Sprains.

D. H. McDowell, M. P., returned home from Regina Saturday evening.

For the best piano for the east, inquiry call Geo. W. Baker's.

## The Cabin Stealing Case.

Mr. John Mathew Pashow and Adam Dabbs, station Calford, arrived on Tuesday evening in charge of Supt. Baker's. Mr. Dabbs and his party were conveyed to Battleford and on Wednesday morning the application was made by Mr. Neilson, lawyer, advocate for the accused, to

Mr. N. W. M. P., for bail pending the trial of the prisoner, Mr. Beth, who had been arrested at Winnipeg on the same charge. The Crown Prosecutor, Mr. Jackson, said he was held in each case, the accused being each bound in \$2000 and surety in a like sum—W. G. E. Gough, of the New River House Ranch, near Caledon, became surety for the accused, who were at once released.

Yesterday morning the accused again appeared, when Mr. M. Kay, Crown Prosecutor, applied for a trial on a charge of being a bandit.

The Crown Prosecutor, Mr. Jackson, said he was held in each case, the accused being each bound in \$2000 and surety in a like sum—W. G. E. Gough, of the New River House Ranch, near Caledon, became surety for the accused, who were at once released.

The three cases will come up for hearing on Wednesday morning.

## COMMENTS OF EXCHANGES.

Our Calgary exchange to hand to day state that something surprising is felt that Adelma Purdey and Adam Dabbs, who are well known and respected in Calgary, should have been arrested on a charge of this sort. The general opinion among the community seems to be that the charges are groundless, as far as the Calgary men are concerned.

On Friday evening next the rector of St. Paul's Church will deliver a lecture in the church, taking for his subject a talk about Australia. Proceeds in aid of bell fund, \$1000.00.

Mr. S. Leach, of the Island Lake district, gave a pleasant call a couple of weeks ago, renewing his subscription to our paper before leaving. We were pleased to see him, and will cheerfully call any others who may call and see who else should call.

The greatest papers in Great Britain and the United States freely acknowledge the world-wide merit of the *Family Herald and Weekly Star*, Montreal. The *Family Herald* is a great newspaper, and a great family paper, but it is more than that; it is one of the greatest authorities in the world on cheese, general dairying, and general farming. How a progressive, up-to-date farmer can do without the *Family Herald and Weekly Star* of Montreal is hard, indeed, to understand.

The Manitoba Free Press in speaking of the Uxbridge Piano say: They are great works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright piano is thrown into the shade. The Uxbridge Piano has a continuous book which will be appreciated in the playing of duets; sitting down to the piano the performer touches a lever and the keyboard is uncovered, and the hinged lid turns out of sight, and the instrument presents the same artistic appearance when open as when shut. The Organs manufactured by the Uxbridge company have been in use for over twenty years, and require no special description as they are so well-known and liked in the homes of the thousands over the whole world. However, the company is manufacturing a new Oct. Organ in Piano case which is having a wonderful sale. The Pianos made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal to, if not superior, to the best American.

Messrs. Angus McDowell and J. Wilson Langford, were in town this week, purchasing goods.

A number of our townsmen spent a pleasant evening in the residence of Mr. Geo. Thompson, a few miles south of the town, Wednesday last. Vocal and instrumental selections were rendered by several members of the party during the evening.

Com. Kerr leaves for Regina Monday morning to attend the annual meeting of the Grand Lodge, A. O. U. W., of which he is a member. Mr. Kerr will also represent the local Lodge at this meeting.

We are pleased to know word was received here today that the Hudson's Bay Company have decided to rebuild their flour mill recently destroyed by fire. Work, it is expected, will commence in the near future.

Mr. Sutherland's tailoring establishment is now in full swing. If you want a good fitting and well made suit of clothes or any part of a suit, give Mr. Sutherland a call, and he will promptly relieve your purse. Price no object. Your purse can be suited.

The sad news of the death of Mrs. W. C. Ramsay, of the South Branch, was brought to Sunday evening. The deceased left her home to the young children behind to mourn her. Mrs. Ramsay and family have the sincere sympathy of their many friends and acquaintances. Mrs. Ramsay formerly came from Belleville, Ont., where no doubt the sad news will be received with deep regret by her past and girlhood friends.

The soft weather of the past week has been most favorable for curling. However, the play down amongst the the bachelors for the married vs. single trophy was concluded, the last two teams being skipped by Ross and Neilson. A very fine and exciting game was played, contest being close from start to finish. Sixteen ends were played, at the conclusion of which the team skippered by Neilson was the winner, which gives him two claims in the trophy. Mr. Neilson has played a good game all through the season, and well deserves the honor of being champion this season.

On Thursday evening last the second carnival of the season took place on the curling rink. The weather was all that could be desired, and the ice was in excellent condition. The town band was in attendance, and added greatly to the enjoyment of the evening. The number of contestants were not so numerous, as we would like to have more, no doubt owing to the mild winter of the previous days, which deterred many from making timely preparations. The prizes were awarded as follows: Best costume, J. A. Vaughan; best gentleman, Henry IV; J. McKay; boys' costume, J. J. Quinn; clown, Miss B. McBeth; sailor costume, best ladies, Miss B. McBeth; sailor costume, best girls, Miss B. McBeth; Red Riding Hood.

"Dicks Blood Purifier" is the best of all the condition powders I ever used. It makes a horse brave and feel well, improves his coat, and keeps him perfectly clean in the legs, no matter how long he stands in the stable. I give half of the stand to a gentleman who had a fine trotting stallion that had swollen in the legs, and had scratches from being out of condition, and in a few days his legs were perfectly clean, and the cracks healed rapidly.
